

To: Town Council

From: Kayla Bertling, Town Clerk

Date: July 28, 2026

Subject: Quarterly Council Expenditures Report – FY26

Rule 36 of the Town Council Policies & Rules of Procedure ensures transparency, equity, and consistency in the use of Town funds for official Council business. The rule establishes guidelines for how Council Members may expend Town resources as part of their official duties. Rule 36 was adopted in April 2026, following most expenditures for Fiscal Year 2026 (FY26).

For FY26, there was no individual allotment for Council members to use towards approved training and its associated travel. Training, branded apparel, and membership dues were budgeted at the department level, rather than by individual.
